

Digital Ambassadors Programme (Rwanda)

Digital Inclusion · Good practice · Ruanda

Puntuación de calidad: 92/100

Solidez de la evidencia: Observational / pre–post

Resumen

Rwanda's Digital Ambassadors Programme deployed 1,000 peer facilitators to train 1,567,034 citizens in basic digital skills (2022–2026), raising public e-service adoption from 30% to 73%. All 30 districts covered; women and rural communities prioritised.
