Delaware's Agentic AI Sandbox — a Legislated Plan to Test AI-Run Companies, Still Undefined and Under Congressional Scrutiny

AI in the Public Sector · Good practice · United States of America

Quality score: 13/100

Evidence strength: Cautionary / limited

Summary

Delaware's HJR 7, signed in July 2025, told its AI Commission to design a sandbox for agentic AI in corporate governance. By late 2026 there were no participants, a contested 'AI company' proposal and a House Oversight letter citing missing safety assessments.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
