

France's Professional Equality Index (Index d'égalité professionnelle) — Mandatory Gender Pay Score

Gender Equality · Good practice · Francia

Puntuación de calidad: 96/100

Solidez de la evidencia: Observational / pre–post

Resumen

France's 2018 law requires companies with 50+ employees to publish an annual gender-equality score (0–100 points). Average scores rose from 84/100 (2020) to 88/100 (2023); 93%+ now exceed the 75-point compliance threshold, backed by 42,017 labour inspections.

Dimensiones clave
