Quickscan AI — Flanders Inventories 240 Government AI Projects, Finds Mostly Internal Efficiency Use

AI in the Public Sector · Good practice · Belgium

Quality score: 40/100

Evidence strength: Moderate

Summary

Digitaal Vlaanderen's 2025 Quickscan mapped 240 completed, ongoing or planned AI projects across the Flemish government; AI appears in every policy domain, mostly for internal processes, with fewer fully deployed than in the Netherlands.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	1/3
