RGAA and Arcom Enforcement — France's Public-Sector Web Accessibility Rules, and Two Independent Monitors Showing Very Low Full Compliance

Digital Inclusion · Good practice · France

Quality score: 88/100

Evidence strength: Strong

Summary

France's RGAA accessibility framework, backed since September 2023 by Arcom notices and fines up to €50,000, is tracked by two independent monitors. A Fédération des aveugles de France observatory found 21 of 1,916 public sites fully compliant; ADULLACT's open, automated observat
