Thames Valley Together — a Police-Led Multi-Agency Violence Data Platform Redesigned Inside the ICO Sandbox, Cutting 70% of Proposed Data Items

AI in the Public Sector · Good practice · United Kingdom

Quality score: 47/100

Evidence strength: Moderate

Summary

Thames Valley Police's Azure platform pools risk-factor data from police, ten councils, fire, youth offending and probation to target violence prevention. In the ICO Sandbox (2022–23) it dropped 70% of proposed data items; it remains in development with no outcome data.
