

500 Smart Cameras — Bahrain's AI-Powered Automated Traffic Enforcement System

AI in the Public Sector · Good practice · Bahrain

Quality score: 20/100

Evidence strength: Cautionary / limited

Summary

Bahrain's Ministry of Interior deployed 500 AI traffic cameras with Beyon Solutions to auto-detect violations; press confirms it is operating and was extended to municipal littering monitoring, but no violation counts, costs, or outcomes are published.
