

Accessible Voting Pilot — Wales Trials Audio and Tactile Devices With Blind and Partially Sighted Voters

Digital Inclusion · Good practice · United Kingdom

Quality score: 68/100

Evidence strength: Observational / pre–post

Summary

In February 2025 the Welsh Government tested three audio and two tactile voting solutions with 13 blind and partially sighted voters across 77 trials in Cardiff and Wrexham, finding 94% chose their intended candidate, 83% voted independently and 91% voted in secret.
