ACT Ai — Thailand's Civil-Society AI Platform Scoring Corruption Risk Across 40 Million Public-Procurement Records

AI in the Public Sector · Good practice · Thailand

Quality score: 60/100

Evidence strength: Moderate

Summary

ACT Ai, a free platform from Thailand's Anti-Corruption Organization, links 31–40 million procurement records with company registries and scores corruption risk. It helped verify the 2021 Kinnaree lamp-post scandal, leading to NACC indictments. Its scoring method is unpublished.

Key dimensions

Dimension	Score
