

AI-Assisted Tax Return Pre-Filling — the Czech Republic's First Public-Administration Beta

AI in the Public Sector · Good practice · Czechia

Quality score: 13/100

Evidence strength: Descriptive / self-reported

Summary

The Czech Ministry of Finance launched a beta AI tool that reads uploaded income and deduction documents and auto-fills employees' tax returns for the MOJE dan portal. Scope is narrow — employment income only — and no adoption or accuracy data has been published yet.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	0/3
