

AI-oqulyq — Kazakhstan Pilots AI-Assisted Textbook Review After Finding 700 Curriculum Errors

AI in Education · Good practice · Kazakhstan

Quality score: 40/100

Evidence strength: Descriptive / self-reported

Summary

Kazakhstan's education ministry found about 700 factual and outdated errors across textbooks in 16 subjects, ordered publishers to reissue them at their own cost, and is piloting an AI-integrated textbook platform, AI-oqulyq, in 40 schools to catch such errors earlier.
