

AI-Powered University Orientation — Algeria's Ministry of Higher Education Places 340,000+ Baccalaureate Graduates

AI in the Public Sector · Good practice · Algeria

Quality score: 67/100

Evidence strength: Descriptive / self-reported

Summary

Algeria's Ministry of Higher Education used an AI matching platform nationwide for the first time in 2025, placing 97.34% of 340,901 baccalaureate holders and giving 70.3% a top-three choice; a 2026 update adds a 24/7 LLM assistant, but the algorithm's logic remains undisclosed.

Key dimensions
