

# AI untuk Rakyat — Malaysia's National AI Literacy Digital-Badge Programme

AI in Education · Good practice · Malaysia

Quality score: 47/100

Evidence strength: Moderate

## Summary

Launched by MyDIGITAL Corporation with Intel, Malaysia's free 'AI untuk Rakyat' self-learning programme awarded digital badges to over one million citizens within six months, then expanded to a six-module curriculum covering generative and agentic AI in four languages.

## Key dimensions

| Dimension                              | Score |
|----------------------------------------|-------|
| Evidence of learning impact            | 1/3   |
| Equity & inclusion                     | 2/3   |
| Transparency, ethics & data protection | 1/3   |
| Teacher capability & pedagogy          | 0/3   |
| Scalability & sustainability           | 3/3   |
