

Algeria's ICT-Accessibility Scorecard — Strong Institutional Capacity, but Half the Digital-Accessibility Policy Areas Still Empty

Digital Inclusion · Good practice · Algeria

Quality score: 84/100

Evidence strength: Observational / pre–post

Summary

G3ict's DARE Index ranks Algeria 42nd of 137 countries for digital-accessibility rights (49.5/100): full marks for institutional capacity, real policy in five domains — but zero policy on mobile, e-books, TV captioning and assistive technology.
