

Algorithmic Transparency Recording Standard (UK)

AI in the Public Sector · Good practice · United Kingdom

Quality score: 87/100

Evidence strength: Observational / pre–post

Summary

The UK's ATRS is a public register documenting how government algorithmic tools work and affect people. World-first when launched in 2021, it became mandatory for central departments in 2025, with ~59 records published.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	2/3
Transparency, fairness & accountability	3/3
Transferability / demonstrated replication	3/3
Scalability beyond pilot	2/3
Governance, capability & sustainability	3/3
