

Algoritmos Éticos — Chile's Standard Ethical Requirements for Public-Sector AI Procurement

AI in the Public Sector · Good practice · Chile

Quality score: 40/100

Evidence strength: Descriptive / self-reported

Summary

Chile's ChileCompra and GobLab UAI built 'Algoritmos Eticos', publishing Latin America's first standard AI bidding terms (Jan 2023) requiring transparency and non-discrimination clauses. Two pilots followed, but reviewers found many vendors still unfamiliar with the rules.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	2/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	2/3
