

AlterMundi's QuintanaLibre — Open-Source Mesh Networks Connecting Rural Córdoba, Argentina

Digital Inclusion · Good practice · Argentina

Quality score: 96/100

Evidence strength: Descriptive / self-reported

Summary

AlterMundi, an NGO founded in Córdoba, built the QuintanaLibre community mesh network in the Paravachasca Valley, then designed the open-source LibreRouter and supplied kits to 15 community networks across Argentina, a model since replicated in half a dozen countries.

Key dimensions

Dimension	Score
