

Australia's Digital Inclusion Standard — Mandatory Whole-of-Government Inclusive Design

Digital Inclusion · Good practice · Australia

Quality score: 72/100

Evidence strength: Descriptive / self-reported

Summary

Australia's Digital Transformation Agency made inclusive design mandatory across federal digital services from January 2025, requiring five criteria — from embracing diversity to accessibility — rather than leaving inclusion to individual project teams.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	0/1
Demonstrated reach	1/1
Documented learning	1/1
