

Australia's Nature Repair Market — National Biodiversity Certificate Scheme

PES & Nature-Based Solutions · Good practice · Australia

Quality score: 40/100

Evidence strength: Moderate

Summary

Under the Nature Repair Act 2023, Australia's Clean Energy Regulator runs the world's first legislated national voluntary biodiversity market. Its first project (438 ha of NSW native forest replanting) was registered in August 2025; a second followed by May 2026.

Key dimensions

Dimension	Score
Carbon — sequestration / storage, evidenced	1/3
Biodiversity — conservation / improvement, evidenced	2/3
Water & soil — retention, infiltration, erosion control	0/3
Fire resilience — risk reduction, evidenced	0/3
Governance, certification & transferability	3/3
