

Australia's NDIS Framework for AI-Enabled Assistive Technology

Digital Inclusion · Good practice · Australia

Quality score: 56/100

Evidence strength: Moderate

Summary

Australia's NDIA and CSIRO co-developed a six-principle framework — user experience, value, quality, safety, privacy/security and human rights — from interviews with NDIS participants, families and carers plus industry focus groups, to guide safe AI-enabled assistive technology.

Key dimensions

Dimension	Score
Innovation level	4/5
Sustainability (ongoing)	1/1
Evaluation evidence	0/1
Demonstrated reach	0/1
Documented learning	1/1
