

Berlin's Gender Budgeting — Two Decades of Parliament-Mandated Gender Data in the Double Budget (2002–)

Gender Equality · Good practice · Germany

Quality score: 30/100

Evidence strength: Cautionary / limited

Summary

Berlin began gender budgeting in 2002; since 2004/05 parliament attaches conditions to each double budget, since 2006/07 gender data appear in departmental budget plans and since 2014/15 gender targets are compared with actuals. Outcome evidence is thin.
