

BIEN — Honduras Merges Four Government Credentials Into One Biometric Digital Wallet, ~100,000 Downloads In

AI in the Public Sector · Good practice · Honduras

Quality score: 47/100

Evidence strength: Descriptive / self-reported

Summary

Honduras's RNP launched BIEN, a wallet holding the biometric national ID, driver's licence, firearm permit and foreign-residence card under one biometric login instead of separate re-verification. Gazetted with full legal validity in July 2026; ~100,000 downloads in week one.
