

BOSCO Uganda — Solar-Powered Community WiFi Linking Post-Conflict Northern Uganda

Digital Inclusion · Good practice · Uganda

Quality score: 72/100

Evidence strength: Strong

Summary

Since 2007, BOSCO Uganda has run a solar-powered, community-owned WiFi network spanning over 160km, linking 54 ICT centres and six refugee settlements in northern Uganda so war-displaced communities can get online, make VoIP calls and earn income from digital services.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	0/1
