

Bulgaria's 41-Page National AI-in-Schools Guidelines — One of Europe's First

AI in Education · Good practice · Bulgaria

Quality score: 47/100

Evidence strength: Moderate

Summary

Bulgaria's Ministry of Education issued a 41-page voluntary national guide on AI use in schools in February 2024, among the first in Europe, then proposed a 2025 draft strategy adding risk classification and mandatory human review for high-stakes uses like grading.

Key dimensions

Dimension	Score
