

Canada and Amii Launch a \$13-Million National AI Literacy Initiative for Educators, Students and the Public

AI in Education · Good practice · Canada

Quality score: 47/100

Evidence strength: Descriptive / self-reported

Summary

Canada's government and the Alberta Machine Intelligence Institute (Amii) announced a national AI literacy initiative in September 2026, offering free AI training aimed at up to 1 million post-secondary students, 50,000+ K-12 educators, and the wider public.

Key dimensions

Dimension	Score
Evidence of learning impact	0/3
Equity & inclusion	1/3
Transparency, ethics & data protection	2/3
