

Chat Mistral — Luxembourg's Sovereign AI Platform for Civil Servants

AI in the Public Sector · Good practice · Luxembourg

Quality score: 60/100

Evidence strength: Descriptive / self-reported

Summary

In June 2025 Luxembourg's government signed a strategic partnership with Mistral AI to deploy 'Chat Mistral', a sovereign AI chatbot hosted in state data centres, giving the country's 36,000-strong civil service secure tools to search procedures and draft documents faster.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	2/3
Transferability / demonstrated replication	1/3
