

# Chikwanekwane — Blantyre's Hospital-Based One-Stop Centre for Child Survivors of Sexual Abuse, Malawi (Evaluated, With Mixed Results)

Gender Equality · Good practice · Malawi

Quality score: 63/100

Evidence strength: Moderate

## Summary

Malawi's first one-stop centre (2012) co-locates paediatricians, police, social workers and counsellors. A 2018 mixed-methods study found 74% of families satisfied but only 18% received all guideline services and 27% saw a conviction.

## Key dimensions

| Dimension                       | Score |
|---------------------------------|-------|
| Transferability / replicability | 2/3   |
| Impact on gender equality       | 0/1   |
| Effectiveness                   | 1/1   |
| Efficiency                      | 0/1   |
| Evaluated outcomes              | 1/1   |
| Sustainability                  | 1/1   |
| Achievement / evidence          | 1/1   |
| Gender-mainstreaming embedding  | 0/1   |
| Curator validation              | 1/1   |
