

CIEDDE and SIADE — Brazil's Electoral Court Coordinates a Multi-Agency Response to AI Deepfakes in the 2024 Municipal Elections

AI in the Public Sector · Good practice · Brazil

Quality score: 47/100

Evidence strength: Moderate

Summary

Brazil's electoral court combined a seven-body disinformation centre (CIEDDE), a citizen alert system (SIADE), mandatory AI-content labels and platform agreements for 2024; independent monitoring found few deepfakes but weak detection tooling.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	2/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	2/3
