

Colleague AI — University of Washington's Multi-District Generative AI Classroom Pilot Scales to 4,600+ Teachers Across Puget Sound

AI in Education · Good practice · United States of America

Quality score: 47/100

Evidence strength: Descriptive / self-reported

Summary

A University of Washington research center's Colleague AI classroom platform grew from a 21-teacher, seven-week pilot in five Puget Sound schools to over 4,600 teachers across 12 Washington districts by March 2026, used mainly for AI-assisted lesson planning.

Key dimensions

Dimension	Score
Evidence of learning impact	1/3
Equity & inclusion	1/3
Transparency, ethics & data protection	1/3
Teacher capability & pedagogy	2/3
Scalability & sustainability	2/3
