

Commission for a Socially Sustainable Malmö — A City-Commissioned Health-Equity Programme With Durable Institutional Uptake but Unproven Health Effect

City Innovation Library · Good practice · Sweden

Quality score: 57/100

Evidence strength: Moderate

Summary

Malmö's 14-member independent commission (2010–13), modelled on WHO's social-determinants commission, issued 24 goals and 72 actions. A 2019 evaluation found its social-investment idea took root in city organisation; health-gap impact cannot be attributed.
