

Community Multimedia Centres – Radio & ICT Telecentre Network (Mozambique)

Digital Inclusion · Good practice · Mozambique

Quality score: 72/100

Evidence strength: Observational / pre–post

Summary

UNESCO's Community Multimedia Centres paired a community radio station with a public-access ICT telecentre across Mozambique, reaching 34 sites by 2011. An independent evaluation found real reach but flagged a missing exit strategy and unrealistic sustainability assumptions.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	0/1
Evaluation evidence	1/1
Demonstrated reach	1/1
Documented learning	1/1
