

Croatia's First National Web Accessibility Audit — No Public Site Cleared 50% Full Compliance

Digital Inclusion · Good practice · Croatia

Quality score: 88/100

Evidence strength: Strong

Summary

Croatia's Information Commissioner tested 158 public-sector homepages and 8 apps against 87–102 EN 301 549 requirements using disability-led testers: average scores ranged from 86% in health to 31% in transport, and no site fully met every requirement.

Key dimensions

Dimension	Score
