Design systém gov.cz — Czechia's Binding Accessible Component Library for State Portals, Praised by Experts but Applied Only to New Projects

Digital Inclusion · Good practice · Czechia

Quality score: 48/100

Evidence strength: Moderate

Summary

DIA's Design systém gov.cz is a component library with WCAG 2.1 contrast rules, binding for ministries' new web projects. v4.0 (Nov 2023) drew expert praise and criticism of unfinished components; v4.7.3 is live. No usage or outcome data is published.
