

Digital Accessibility Recognition Scheme — Hong Kong's Certification Model for Accessible Websites and Apps

Digital Inclusion · Good practice · Hong Kong

Quality score: 88/100

Evidence strength: Descriptive / self-reported

Summary

Since 2013, Hong Kong has run a voluntary scheme recognising websites and apps that meet accessibility standards. In 2024–25 it awarded 439 websites, 102 mobile apps and 119 new 'elderly-friendly' badges, with fastest growth in transport (+70%) and media (+33%).
