

Digital CASA – Kyrgyz Republic Project

Digital Inclusion · Good practice · Kyrgyzstan

Quality score: 92/100

Evidence strength: Descriptive / self-reported

Summary

World Bank-financed Digital CASA laid 3,000+ km of fibre-optic cable, connecting nearly 4,000 schools, clinics and offices across Kyrgyzstan's seven regions and extending broadband to 800,000+ citizens by 2025, after early implementation setbacks.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	1/1
Demonstrated reach	1/1
Documented learning	1/1
