

Digital Lab on the Go (DLOG) — Mobile Digital Skills Outreach

Digital Inclusion · Good practice · Mauritius

Quality score: 48/100

Evidence strength: Moderate

Summary

A government-funded mobile unit run by Mauritius's Digital Promotion Agency brings hands-on VR, robotics, IoT and e-government demos to communities nationwide. Since April 2024 it reached 3,500+ citizens in 30 regions, including elderly-focused sessions.
