

Digital literacy for seniors [Alfabetizare digitală pentru seniori]

Digital Inclusion · Good practice · Romania · Local

Quality score: 72/100

Evidence strength: Observational / pre–post

Summary

This initiative aims to digitally include senior citizens in the local community and develop, improve and modernise the services provided by our library. The training programme was promoted by three television channels, the MedgidiaCity website, and on social media networks. The
