

e-Kenesh — Kyrgyzstan's AI Bill-Summarisation and Contradiction-Checking Tools for Parliament

AI in the Public Sector · Good practice · Kyrgyzstan

Quality score: 20/100

Evidence strength: Cautionary / limited

Summary

In April 2026, Kyrgyzstan's Jogorku Kenesh launched e-Kenesh, a paperless committee platform whose built-in AI module drafts short summaries of bills; staff are separately building a 'neuro-lawyer' tool to flag contradictions with existing law.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	0/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	1/3
