ENIAG 2025 — Mexico's National SEP Survey of 1.5 Million Students and 160,000+ Teachers on Generative AI in Higher Education, and Its 10 Actions

AI in Education · Good practice · Mexico

Quality score: 53/100

Evidence strength: Moderate

Summary

Mexico's education ministry surveyed over 1.5 million students and 160,000+ teachers in about 2,900 institutions on generative AI. Use is near-universal, but about three in four do not know any institutional rules. The SEP answered with 10 national actions.

Key dimensions

Dimension	Score
