

Family Support Centres — Papua New Guinea's Hospital-Based One-Stop Model for Family and Sexual Violence Survivors

Gender Equality · Good practice · Papua New Guinea

Quality score: 63/100

Evidence strength: Moderate

Summary

Since 2003, PNG's Department of Health has run hospital-based Family Support Centres for violence survivors. Port Moresby's centre saw ~15 clients/day before a 2017 upgrade added capacity for 1,000+ more people yearly.
