

Fundación Telefónica's First National Study Finds 4 in 10 Venezuelan Teachers Already Using AI

AI in Education · Good practice · Venezuela

Quality score: 33/100

Evidence strength: Cautionary / limited

Summary

Fundación Telefónica Movistar's first nationwide survey of 1,726 Venezuelan primary teachers found 40% already use AI tools like ChatGPT, with a sharp generational gap (80% of young teachers vs 54% of over-65s aware of AI), prompting a new ethics-focused ProFuturo training track.

Key dimensions

Dimension	Score
Evidence of learning impact	0/3
