

GENAI4LEX-B — AI-assisted legislative drafting and compliance-checking for Italy's Chamber of Deputies

AI in the Public Sector · Good practice · Italy

Quality score: 40/100

Evidence strength: Moderate

Summary

Italy's Chamber of Deputies selected GENAI4LEX-B, a University of Bologna-led consortium's hybrid AI tool, from 28 competing proposals to help draft legislation and check bills against existing law — still a pilot with no published outcome data.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	2/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	2/3
