

Gender Action Plan in Tuvalu's Coastal Adaptation Project (TCAP)

Gender Equality · Good practice · Tuvalu

Quality score: 70/100

Evidence strength: Observational / pre–post

Summary

Tuvalu's US\$36m GCF-funded coastal defence programme embedded a formal Gender Action Plan, targeting a 50-50 gender split among 100+ project jobs, training women in coastal monitoring, and funding two university scholarships for women in environmental science and engineering.

Key dimensions

Dimension	Score
