

Germany's Marktplatz der KI-Möglichkeiten — A Voluntary Federal AI Register With Documented Gaps

AI in the Public Sector · Good practice · Germany

Quality score: 40/100

Evidence strength: Moderate

Summary

Germany's federal AI register, the Marktplatz der KI-Möglichkeiten, lists roughly 240 government AI applications, but entries are voluntary and over a third omit required risk assessments — a cautionary case en route to a mandatory nationwide rollout by 2027.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	2/3
Governance, capability & sustainability	1/3
