

Govern d'Andorra's Planned Microsoft Copilot Rollout — Generative AI for Every Civil Servant by 2027

AI in the Public Sector · Good practice · Andorra

Quality score: 27/100

Evidence strength: Cautionary / limited

Summary

Andorra's government announced plans to give every public employee a Microsoft Copilot-style AI tool from 2027 to automate drafting and admin tasks — an early-stage plan with no rollout or usage data yet, building on a 2025 Andorra Digital-Google AI/cloud partnership.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	1/3
