

Grammatek × Hljóðbókasafn Íslands — AI Text-to-Speech Accessible Textbooks for Print-Disabled and Dyslexic Students in Iceland

AI in Education · Good practice · Iceland

Quality score: 53/100

Evidence strength: Descriptive / self-reported

Summary

Grammatek's neural Icelandic text-to-speech technology now narrates textbooks for Hljóðbókasafn Íslands, the national library serving dyslexic and print-disabled students, after a 2022 government grant — with an automated STEM/mathematics reader in development for 2025.

Key dimensions

Dimension	Score
