

Guernsey's WCAG 2.1 AA Standard for Government and Disability-Sector Digital Services

Digital Inclusion · Good practice · Guernsey

Quality score: 88/100

Evidence strength: Strong

Summary

The States of Guernsey and the Guernsey Disability Alliance both adopted WCAG 2.1 AA as their accessibility benchmark; the government's own 2021 audit found MyGov only 'partially compliant', naming specific colour-contrast and ARIA-landmark failures.
