

# HarassMap — Crowdsourced Harassment Mapping & Safe-Area Bystander Network

Gender Equality · Good practice · Egypt

Quality score: 41/100

Evidence strength: Moderate

## Summary

Since December 2010, Cairo NGO HarassMap has let anyone report sexual harassment by SMS, web or social media onto a public map, then sent volunteers to recruit shops, universities and firms into a zero-tolerance 'Safe Areas' bystander network across Egypt.

## Key dimensions

| Dimension                       | Score |
|---------------------------------|-------|
| Transferability / replicability | 2/3   |
| Impact on gender equality       | 0/1   |
| Effectiveness                   | 0/1   |
| Efficiency                      | 0/1   |
| Evaluated outcomes              | 0/1   |
| Sustainability                  | 1/1   |
| Achievement / evidence          | 1/1   |
| Gender-mainstreaming embedding  | 1/1   |
| Curator validation              | 0/1   |
