

Helse Bergen's Readmission-Risk AI in Norway's Data Protection Sandbox — Legal Basis Confirmed for Development and Clinical Use, With Safeguards

AI in the Public Sector · Good practice · Norway

Quality score: 53/100

Evidence strength: Moderate

Summary

Helse Bergen tested an AI early-warning tool for patients at high risk of readmission inside Norway's DPA sandbox. The exit report (Sept 2023) found a GDPR legal basis for development and use, and set transparency and bias-control conditions. No performance data published.

Key dimensions

Dimension	Score
