

Hiedanranta — a smart, circular district as a testbed (Tampere)

City Innovation Library · Good practice · Finland

Quality score: 86/100

Evidence strength: Descriptive / self-reported

Summary

Tampere is building Hiedanranta, a 100-hectare district planned for 25,000 residents, as an open testbed for circular-economy, energy and smart-city experiments before city-wide rollout.

Key dimensions

Dimension	Score
